A NEW CALGARY TRADITION

The first All Sport One Day event was held in Calgary in 2009, at two facilities with 450 kids. It has grown in leaps and bounds in the five years since its debut, and last year incorporated 10 sport and recreation facilities, 40 local sport organizations, and included over 2000 youth. This is the first year that All Sport One Day is teaming with Special Olympics Calgary to offer sport activities for children and teens with intellectual and physical disabilities. Participants will move through a sport circuit through the day at Talisman Centre in an effort to introduce as many youth as possible to a diverse range of sport activities.

The event is a great opportunity for parents, youth, sport facilities and sport organizations to make connections, with an overarching goal of promoting sport and physical activity. All Sport One Day activities focus on developing physical literacy, which can open a door to a world of opportunities in sport and physical activity.
